

## LOCAL BOYS WINNERS

Hampton High School Beaten  
in Exciting Football Game.

## BIG CROWD TURNS OUT

Newport News Rooters Cheer Wildly  
When Home Boys Repeatedly Tear  
Through Visitors' Line—Locals Play  
Like Well Oiled Machine.

Although they fought gamely to the last second, Hampton High school's football players were unable to stem the onward rush of the dashing eleven of the local high school yesterday afternoon on the Casino gridiron and went down to defeat by a score of 9 to 0. A touchdown by Captain Duval Hudson and Garner's beautiful drop kick from the thirty-yard line made up the record of the game.

An unusually large crowd turned out for the battle—the first of the season between these old-time rivals. Hampton brought over a large contingent of enthusiastic, while the students of the local school were out in force. More than a hundred of the young ladies carried their school colors and the Rooters' Club sang several songs during the game. Dazzling yells and frantic waving of pennants followed the many gains of the local team, while after the game the players were cheered to the echo by the students. It was one of the few times that Hampton High school had been conquered by the Newport News school and the local rooters celebrated the event in style.

## Hampton Team Outclassed.

From the very first it was apparent that Hampton was no match for the locals. Time and again Duval Hudson, Johnnie Corbell, Gardner, Payne and Whitney smashed through the opposing lines for gains of from five to thirty yards. The players hit the line like living battering rams and Hampton's defense slowly crumbled before the grueling attack. Clarke sized up the weakness of the visitors at the start and he directed the attack at the line with telling results. Occasionally the visitors braced and then end runs, forward passes and on-side kicks were essayed and usually they were successful.

Only on rare occasions was Hampton able to make any gains for the locals showed up well in the defensive work. The ball was in Hampton's territory nearly all the time and the visitors never threatened the home goal. Once in the first half they attempted a long drop kick, but the ball went wide. Toward the close of the game, the visitors started a punting game and the locals adopted the same tactics. The home boys had all the better of the duel because of the ability of Green Morgan, Hudson and Clarke to run the punts back through a broken field.

## Both Scores in First Half.

Both of the scores of the game were made in the first half. Hampton kicked off and Hudson ran up fifteen yards to the twenty-five yard line. After two gains, Corbell fumbled the ball and Hampton recovered. Failing to gain on two downs, Burkard attempted to drop kick, but it went wide and the locals lined up for the scrimmage on the twenty-five-yard line.

Hudson, Garner and Corbell made repeated gains through the line and with the ball in the center of the field, Whitney got away around right end and ran forty yards to the twenty-yard line. Corbell went three yards and Hudson crashed through the line for a touchdown. Payne kicked the goal.

Hampton again kicked off and by steady line plunges, the locals advanced the ball to the twelve-yard line. There Hudson made an illegal forward pass and the locals were penalized fifteen yards. Hudson made an on-side kick, but a Hampton man recovered the ball on his five-yard line.

Burbank punted and Green Morgan ran the put back fifteen yards to the thirty-yard line, where Garner made a pretty drop kick, netting three points.

Although they did not score in the second half, the locals kept the ball in Hampton's territory most of the time. The line-up:

Newport News. Position. Hampton. Lee

Morgan Right End. Tennis

Payne Right Tackle. Collier

Whitney Rowe (Van Ness) Right Guard.

Bennett Center. Booker

Bright Left Guard. Collier

Robinson D. Johnson Left Tackle.

Fitzgerald Left End. Burbank

Clarke Quarterback. Wilson

Corbell Right Halfback. Wood

Garner Left Halfback. Sinclair

Hudson M. Johnson Fullback.

Touchdown—Hudson. Goal from field—Garner. Referee—George Benson. Umpire—C. H. Henshaw. Field Judge—Hancock Hamilton. Time of halves—25 and 29 minutes.

## SHIPPING REPORT

Friday, October 29, 1909.

## Arrived.

Steamer Tholma (Nor.) Jager, Gothenburg—to Furness, Withy & Company, Ltd., with merchandise.

Steamer Pallanza (Ger.) Niss, Hamburg and New York—to United States Shipping Company with merchandise.

Schooner George E. Walcott, Bunker, Portland—to New River Consolidated Coal Company in ballast.

Schooner Rebecca Palmer, Campbell, Searport—to White Oak Coal Company in ballast.

Schooner Edward B. Winslow, Butler, Portland—to White Oak Coal Company in ballast.

Schooner Charles W. Church, Burt, Boston—to New River Consolidated Coal Company in ballast.

Schooner Geneva, Bjorkland, New York—to Chesapeake & Ohio Coal & Coke Company in ballast.

Barge Virginia Palmer from Boston—to Chesapeake & Ohio Coal & Coke Company in ballast.

Barge Theodore Palmer from Boston—to Chesapeake & Ohio Coal & Coke Company in ballast.

Barge A. R. Thomas from Providence—to Smokeless Fuel Company in ballast.

Barge Solitaire from Providence—to Smokeless Fuel Company in ballast.

Steamer Sif (Nor.) Harmensen, Port Castries—Chesapeake & Ohio Coal Agency Company.

Sailed.

Steamers Sif (Nor.) Port Castries; Bay Port, Jensen, Lynn.

Schooners Charles W. Church, Burt, Boston; Jacob M. Haskell, Hart, Boston.

## Calendar for Today.

Sun rises ..... 6:27 a. m.  
Sun sets ..... 5:19 p. m.  
High water ..... 10:32 a. m., 11:02 p. m.  
Low water ..... 4:19 a. m., 5:02 p. m.

## Imports from Hamburg.

Bringing a quantity of miscellaneous imports, the German steamship Pallanza arrived in port yesterday from Hamburg via New York. She will take experts here for Hamburg.

## Coal for Port Castries.

Carrying a cargo of 4,706 tons of coal, valued at \$11,765, the Norwegian steamer Sif steamed yesterday for Port Castries, St. Lucia.

## Steamer Tholma Here.

The Norwegian steamer Tholma, of the Norway-Mexico Gulf Line, arrived in port yesterday from Gothenburg with a quantity of imports. She brought no passengers. After discharging some imports here, the Tholma will load exports for Havana, Cuba.

## New York Cotton.

NEW YORK, Oct. 29.—Cotton: Spot closed quiet; middling uplands, \$14.85; middling gulf, \$15.16. Sales, 9,000 bales.

Futures opened steady and closed strong.

## BALLOTS ARE STAMPED.

Judge Barham Completes Work in Preparation for Tuesday's Election. In the Corporation Court yesterday afternoon Judge Barham stamped the ballots to be used in this city for the general election of next Tuesday. The judge adjourned the court at noon yesterday so that he might complete this work.

The trial of the suit of the Chesapeake & Ohio Railway Company against J. W. Davis was continued yesterday morning and was far from finished when Judge Barham adjourned court at noon.

## BIDS ON CRUSHED ROCK

Committee Recommends That  
1,500 Tons be Purchased.

## FOR STREETS IN EAST END

Proposed to Cover Practically All Unpaved Streets in One Section of City—Repairs to Paving on Huntington Avenue.

Estimates on furnishing 1,500 tons of crushed rock to be placed on certain streets in East End were received last night by the council committee on highways and sewers. The bid of the firm of Alsop & Pierce, of this city, at \$1.25 per ton, was recommended to the council for acceptance. S. E. Morris & Co., of Norfolk, submitted the only other bid, their figure being \$1.15 per short ton of 2,000 pounds. The local firm bid on a ton of 2,240 pounds and it was figured that this was the lower bid.

The bids submitted are for furnishing the stone in barges at a dock here and the city must pay for unloading it, hauling, grading of the streets and laying the stone. It is figured that they tone when laid will cost about fifty cents per square yard. The contract for hauling, grading and laying probably will be awarded on competitive bids.

## Cover East End Streets.

It is figured that 1,500 tons of rock will cover practically all of the unpaved streets in East End. The stone probably will not be rolled, as City Engineer Pearce stated to the committee that better results would be obtained by letting vehicles pack the stone.

City Engineer Pearce was instructed by the committee to have the slinks in the paving on Huntington avenue repaired. The slinks have caused by breaks in the sewer pipe. City Clerk also was directed to write a letter to the Chesapeake & Ohio Railway Company instructing the company to put in larger drain pipes under its tracks as the present pipes are inadequate.

The committee spent some time discussing the monthly estimates due the firm of Alsop & Pierce for macadam paving laid in East End. It finally was decided to recommend that \$2,400 be paid the firm for the paving laid in October.

## Fix Up Almshouse.

A meeting of the almshouse and poor committee was scheduled last night, but the committee failed of a quorum. However, Chairman Wallace was present and he requested the committee on highways and sewers to direct Superintendent of Streets S. J. Harwood to fix up the almshouse property in Elizabeth City county. He explained that he thought a stable should be built on the site and other improvements made. Superintendent Harwood will do the necessary work.

The health committee met and audited bills for the month.

## BUILDING STANDS ON CASINO FIELD

Preparations for Game Between Carolina and Washington & Lee.

Temporary stands for use in the three big football games to be played here next month between college elevens are now being built on the Casino gridiron. Work on the stands began yesterday morning and they will be completed next week.

The stands will accommodate about 4,000 people and there will be standing room between the bleachers and the side-line ropes for about 2,000 more people. It is expected that the capacity of the field will be taxed when Washington and Lee and the University of North Carolina meet here on Saturday, November 13.

Judging them on their work up-to-date, the Carolina and Washington and Lee teams seem to be very evenly matched and a great game is expected when they meet this year. Both teams are stronger than had been expected and when they meet here they will be in the height of form.

Today at Lynchburg Washington and Lee and the Virginia Polytechnic Institute meet in their annual game. Local enthusiasts are watching the outcome of this game with interest because of the fact that John Hughes and Winston Davis, local boys, are playing with V. P. I. The Institute boys are the favorites with the local enthusiasts in today's game.

An engagement ring is surely one kind of an exclusively circle.

It takes a genius to invent a tale that his wife will believe.

## INTOLERABLE ITCHING

Fearful Eczema All Over Baby's Face—Professional Treatment Failed. A PERFECT CURE BY CUTICURA

"When my little girl was six months old I noticed small red spots on her right cheek. They grew so large that I sent for the doctor but, instead of helping the eruption, his ointment seemed to make it worse. Then I went to a second doctor who said it was eczema. He also gave me an ointment which did not help either. The disease spread all over the face and the eyes began to swell. The itching grew intolerable and it was a terrible sight to see. I consulted doctors for months, but they were unable to cure the baby. I paid out from \$20 to \$30 without relief. One evening I began to use the Cuticura Remedies. The next morning the baby's face was all white instead of red. I continued until the eczema entirely disappeared. Mrs. P. E. Gumbin, Sheldon, Ia., July 13, 1908." Potter Drug & Chem. Corp., Sole Props., Boston.

REV. CHAUNCEY I. WITHROW.

RIVALS BOOKER T. WASHINGTON.

Rev. Chauncey I. Withrow, the subject of this comment, was born in Rutherford county, this state (soon after the Emancipation). Young Chauncey spent his early life on the farm. Working under many disadvantages, as his advent into the world was at a time when the South was in a most distressing and trying ordeal. The war between the states had just ended, and chaos and confusion reigned supreme. There were no schools even for the whites, and the colored race had lesser opportunities and fewer privileges than the whites. The casual observer can readily see that this young colored boy had but little to encourage him, and indeed nothing to inspire him to the higher and nobler life to which he has attained, and the success with which he has met is but the result of his own efforts and indomitable will. That there is something commendable and above the ordinary in the make-up of this colored divine, and a quality and character far superior to anything found in the majority of his race, is evidenced by the fact that he stands today without a superior and but few equals among his race in all this broad Sunny Southland. Booker

## Is Your Shovel Worn Out?

The price of a new shovel is a small matter. But are you going on forever shoveling into a furnace twice as much coal as is really needed to heat your house—and then shoveling out twice as many ashes? Ashes are expensive, because coal is expensive. You can't afford to let one shovelful of coal get away without getting its full content of heat out of it, and into the air of your house. You can do this easily, safely and surely with the

# MODEL Heating System

It thoroughly consumes every pound of coal, leaving nothing but fine white ashes. By a scientific plan of circulation, it gets the heat from the fire and distributes it, through steam or hot water radiators, with remarkable efficiency. As a result it will keep the whole house comfortable day and night, in all weather, and save one-third to one-half of the coal ordinarily consumed. It is doing this now in thousands of homes. Look into it at once.

**THE LEDOM RANGE**

The Ledom is as good a kitchen range as the Model is a heating system—which is saying a great deal. Its grate alone saves half of the usual coal consumption, and makes it the ablest, quickest, most convenient range ever built. Don't fail to see it.
